- Testing the pipe system for leaks
- Infrared measurement
- Hydrophone analysis
- Endoscope
- Common sense

## Pool Leak

Your pool is constantly losing water?

It is often not easy to find the leak in a swimming pool.

We find the leaks, damage or even the smallest holes!

We often also have a solution for garden ponds.

We moved our headquarters to Latvia with the start of the Covid pandemic.

We continue to serve as pool leak experts all over Europe.

**Leak Detection 1485.-** per day + travel expenses] Expenses according to expenditure!

Appointments for Leak Detection **+371 26379484** You speak directly to Mr Lümmen

**Are you worried about a seemingly undetectable leak?** phone the *Lümmen-Team!*
